

MORPHOLOGICAL CHART

CATEGORY	FEATURE 1	FEATURE 2	FEATURE 3
Productivity	Goal Tracker	Collaborative Project Boards	Work Timer
Social	Networking Event Calendar	Travel Companion Matchmaking	Local Culture Guides
Wellness	Yoga & Gym Suggestions	Nature Trails	Meditation Activities
Travel	Coworking Space Finder	Live Crowd Tracker	Internet Speed Map
Utility	Expense Tracker with Converter	Language Learning Mini-Games	Nearby Food Recommendations

Combination 1: Productivity + Wellness

Features: Collaborative Project Boards + Meditation Activities

Explanation:

This combination allows digital nomads to manage their tasks while incorporating wellness activities. Users can schedule meditation breaks directly into their work plans, promoting focus and stress reduction.

Combination 2: Social + Travel

Features: Networking Event Calendar + Live Crowd Tracker

Explanation:

This pairing helps users find suitable networking opportunities by integrating real-time crowd density information into the event calendar. It ensures users can connect with like-minded individuals without feeling overwhelmed in overly crowded spaces.

Combination 3: Travel + Utility

Features: Coworking Space Finder + Expense Tracker with Converter

Explanation:

This combination provides users with financial insights while exploring coworking spaces. For example, they can calculate daily costs in local currencies while comparing coworking options, making it easier to plan their work expenses.
